ACCOMMODATION: Cabins at campsite (It can be reserved from 1.4.2017) or in
towns near pond
MEALS: Restaurant at campsite

I would like to invite you to our first competition of Czech national NAVIGA section M championship, which will take place on Hluboký pond, near Holice. This pond is verified by different types of RC boat competitions and it should be excellent for our competition too. The campsite capacity should be large enough (more than 200 beds). You can book the accommodation directly by yourself through website (above) or you can contact me in advance and I will book it for you.

Official instructions will be available as soon as possible. We are finishing the preparation and time schedule. We expect two heats in each category every day – 4 heats per competition. Check-in and practicing is possible since Friday. If you have any questions, contact me.
